BPW SOUTH WEST

TIRED OF TRAVELLING TO GEELONG OR MELBOURNE TO ACCESS SPECIALIST OUTPATIENT CARE?

Rachael Lee, Manager Specialist Outpatient Clinics at South West Healthcare, will join us to speak about the important new public outpatient clinics that are now available right here in Warrnambool.

These Specialist Clinics give planned, non-admitted services for people who need the focus of an acute setting, thus providing an interface between primary care services and acute inpatient services. Patients are referred by general practitioners, specialists and other community-based healthcare providers, as well as clinicians in emergency departments, inpatient units and other areas of the hospital. These extensive services offer a wide variety of specialist skills and expert knowledge ensuring the best professional care for our community.

We look forward to seeing you there!

A concise Annual General Meeting will be held to celebrate our achievements and thank the Committee for their dedication to keeping us connected throughout this challenging year.
